Whether you are looking for a unique experience, or want nature's tranquility, reserve your ride today.

Your experience will take place at Koli Equestrian Center, located in the heart of the Gila River Indian Reservation. Transportation from the Sheraton is in an open-air hay wagon. During your 60-minutes of horseback ride you will be part of breathtaking scenery and horseback riding trails that you will certainly enjoy. With wide open views and landscape, you just might be able to see the wild horses. We look forward to your ride!

- Fee \$110/person includes tax, gratuity and transportation (25 spots available)
- Pick up on hay wagon from the hotel at 9:00 am on Monday October 18th, will return by 11 on vans
- Meet in the hotel lobby at 8:45 am
- ATTIRE: You should be in jeans or pants of some sort and closed toe shoes (flip flops, sandals, croc's and high heels are NOT permitted). Any jackets you bring must be worn and not wrapped around the waist. No bags, purses, backpacks, water bottles, or etc. are permitted with a rider either.
- CAMERAS/PHONES: If you choose to bring out a camera, it will need a neck or wrist strap (camera bags or extra lens will not be allowed). Please do not bring out selfie sticks as they spook the horses. If you will use a cell phone, make

sure that you have a front pocket on your shirt. If you place cell in the back pocket it can wiggle out and be lost or damaged. We are not responsible for lost phones and there will be extra charges to take you back out to locate it. There is plenty of time on this casual ride for pictures as our guides lead you through the Ponderosa Pine trees and other mountain landscapes along the trail. If you want a picture on the horse, the wrangler will be more than happy to take one for you when you return from the ride.

- **SMOKING/ALCOHOL POLICY:** Smoking and alcohol are not permitted on the rides. You may be denied horseback riding if you have alcohol in hand or appear to have been drinking or intoxicated. This is for your, other guests', our horses' and staff's safety.
- **MOUNTING BLOCKS/STAIRS:** We do not use mounting blocks, steps, stools, rocks, etc. to get on the horses. The wrangler that is there during the loading process is to hold the horse steady and can only provide very minimal assistance. We do this for safety reasons.
