**NOTES :**

\* \$2,500 Non-North American Processing Fee applies to new member companies outside of North America and is a one-time fee for the continuous life of the membership that helps offset the increased costs of servicing international members.

\* FGIA anticipates that 2% of our total membership dues will support lobbying activities so, per the U.S. Omnibus Budget Reconciliation Act of 1993, 2% (i.e., \$20 per \$1,000) of your dues contribution for the current year is not tax deductible.

\* FGIA supports three regional operations - two in the U.S. (southeast and western) and one in Canada (FENBC, British Columbia); FENBC membership includes voting in FENBC Region only and requires additional separate dues as noted.

\* Canadian GST will be added to listed dues fees as applicable
